

DEPARTMENT OF TRANSPORTATION STATE OF GEORGIA

INTERDEPARTMENT CORRESPONDENCE

June 9, 2016

RFQ #: 484-031616
RFQ Title: Bridge Bundle 1-2016, Contract 7, P.I. Nos. 0013714, 0013801, 0013802, 0013828
FROM: Curtis Scott, Transportation Services Procurement Manager
TO: Treasury Young, Procurement Administrator
SUBJECT: **Ranking Approval**

The Office of Procurement's Transportation Services Procurement Section has reviewed and evaluated Statements of Qualifications, Technical Approach, and Past Performance for the above referenced project.

Attached for your review is one (1) set of the following:

- Advertisement and all Addendums
- Consultants' Submission Prescreening Checklist – Phase I
- GDOT Guide for Selection Committee Members (Phase I and II)
- Preliminary Ratings and Comments from Evaluators
- Selection Committee Ratings for Top Respondents – Phase I
- Selection Committee Comments for Top Respondents – Phase I
- Selection of Finalists Notification and Notice to Selected Finalists
- Consultants' Submission Prescreening Checklist – Phase II
- Selection Committee Overall Ratings for Phase I and Phase II
- Selection Committee Comments for Finalists – Phase II
- Past Performance Reference Checks and any available additional documentation
- Verification of Non-Debarment from SAM Website for Intended Awardee
- Prequalification Certificate for Intended Awardee

This approval is for Bridge Bundle 1-2016, Contract 7, P.I. Nos. 0013714, 0013801, 0013802, 0013828. The five (5) highest firms in order of ranking are as follows:

1. **Columbia Engineering & Services, Inc.**
2. **Michael Baker International, Inc.**
3. **Parsons Brinckerhoff, Inc.**
4. **Clark Patterson Engineers, Surveyor and Architects, P.C.**
5. **Neel-Schaffer, Inc.**

The Selection Committee recommends the selection of the top ranked firm, Columbia Engineering & Services, Inc.

Concurrence with Award from Responsible Division Director:

Certification Procurement Requirements Met:

Joe Carpenter, Division Director of P3/Program Delivery

Bridge Bundle 1-2016

Recent RFQ Changes/Updates

This page serves to provide a means for the Department to summarize recent changes to its RFQ format so that interested respondents can ensure their Statements of Qualifications (SOQs) are in compliance. Failure to ensure compliance may cause SOQs to be disqualified. The contents of this summary are not intended to represent all the modifications made to this document, but those which are a change or clarification to a policy or response requirement. Respondents should refer to each of the referenced sections in the table below in order to review the change or clarification. All respondents to this RFQ are subject to instructions communicated in this document, and are cautioned to completely read and review the entire RFQ and follow instructions carefully (see **Section I. General Project Information, A. Overview** for details).

For questions regarding these changes, please refer to **Section VIII. Instruction for Submittal for Phase I – Statements of Qualifications, C. Question and Requests for Clarification.**

Date of Change	RFQ Section Impacted	Summary of Change
June 12, 2015	Section IV.B. and IV.C.	For Phase I of the evaluation process, the percentage assigned to the total evaluation for the Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications has been increased from twenty percent (20%) to thirty percent (30%) and the percentage assigned to the total evaluation for the Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity has been decreased from thirty percent (30%) to twenty percent (20%).
June 12, 2015	Section VI.B.2.	Clarification is provided regarding the Department's position on disqualification when a respondent provides more than the allowed Key Team Leaders, as well as when a respondent does not provide all of the required Key Team Leaders.
June 12, 2015	Section VI.B.3.	The requirement which limits the Prime Consultant's projects, presented as part of the Prime's Experience and Qualifications during the Phase I process, to the previous five (5) years has been removed. This will allow respondents to use projects outside of the previous restriction of the last five years. Note – This change does impact the information to be provided in the respondents SOQ by providing a broader range of eligible projects for consideration of the prime respondent.
June 12, 2015	Section X.A.	Clarification is provided regarding the Department's position on disqualification when administrative information is not provided in accordance with the RFQ as well as when qualification information is not provided in accordance with the RFQ.

REQUEST FOR QUALIFICATIONS

484-031616
Bridge Bundle 1-2016

I. General Project Information**A. Overview**

The Georgia Department of Transportation (GDOT) is soliciting SOQS from qualified firm(s) to provide Engineering Design Services for the projects listed below (note that certain projects may be grouped with other projects and awarded as one (1) contract):

Contract	County	PI/Projects#	Project Description
1	Clarke	0013716	SR 10 LOOP EB & WB @ SR 8/US 29
	Clarke	0013806	SR 10/US 78 @ NORTH OCONEE RIVER
2	Dawson Hall	0007170	SR 136 @ CHESTATEE RIVER 8.3 MI SOUTHEAST OF DAWSONVILLE
	Hall	0010212	SR 53 WB @ CHATTAHOOCHEE RIVER
	Dawson	0013807	SR 183 @ COCHRAN CREEK 6 MI NW OF DAWSONVILLE
	Habersham	0013746	SR 385 @ HAZEL CREEK IN DEMOREST

	Fannin	642170-	SR 60 WIDEN BRIDGE OVER HOTHOUSE CREEK

This Request for Qualifications (RFQ) seeks to identify potential providers for the Scope of Services for each project/contract listed in Exhibits I-11. Firms that respond to this RFQ, and are determined by GDOT to be sufficiently qualified, may be deemed eligible, and invited to offer a Technical Approach and/or possibly present and/or interview for these services. All respondents to this RFQ are subject to instructions communicated in this document, and are cautioned to completely review the entire RFQ and follow instructions carefully. GDOT reserves the right to reject any or all Statements of Qualifications or Technical Approach, and to waive technicalities and informalities at the discretion of GDOT.

B. IMPORTANT- A RESTRICTION OF COMMUNICATION IS IN EFFECT FOR THIS PROJECT.

From the advertisement date of this solicitation until successful respondents are selected and the award is made official and announced, firms are not allowed to communicate about this solicitation or scope with any staff of GDOT including the Commissioner and GDOT Board Members, except for the submission of questions as instructed in the RFQ, or with the contact designated in **RFQ Section VIII.C.**, or as provided by any existing work agreement(s). For violation of this provision, GDOT reserves the right to reject the submittal of the offending respondent.

C. The Georgia Department of Transportation Board has adopted a 15% overall annual goal for DBE participation on all federally funded projects. This goal is not to be considered as a fixed quota, set aside or preference. The DBE goal can be met by prime contracting, sub-contracting, joint-venture or mentor/protégé relationship.

Georgia Department of Transportation will monitor and assess each consultant services submittals for their DBE participation and/or good faith effort in promoting equity and opportunity in accordance with the state of Georgia, Department of Transportation Disadvantage Business Program Plan.

For more information on the GDOT DBE Program please contact:

Georgia Department of Transportation
Equal Opportunity Division
One Georgia Center, 7th Floor
600 West Peachtree Street, NW
Atlanta, Georgia 30308
Phone: (404) 631-1972

D. Scope of Services

Under the terms of the resulting Agreements, the selected consultants will provide full engineering design services, as well as all associated engineering related services for the GDOT Projects identified. The anticipated scope of work for each project/contract is included in **Exhibits I-11**.

In addition, GDOT desires that the Consultant have the ability to provide, either with its own forces or through a sub-consultant team member, comprehensive services necessary to fulfill all preliminary engineering services which may arise during the project cycle.

E. Contract Term and Type

GDOT anticipates one (1) Multi-Phase, Project Specific contract to be awarded to one (1) firm, for each project/contract identified. GDOT anticipates that the Contract Type will be paid via Firm Fixed Price and/or Cost Plus Fixed Fee methodology. As Project Specific contracts, it is the Department's intention that the Agreements will remain in effect until successful completion of the preliminary engineering phase of the projects, and may choose to utilize the selected consultant for use on construction revisions as necessary.

F. Contract Amount

The Multi-Phase, Project Specific contract amounts will be determined via negotiations with the Department. If the Department is unable to reach agreement on reasonable rates to be paid for the services to be provided, the Department reserves the right to terminate negotiations with the highest scoring finalist and begin negotiations with the next highest scoring finalist.

II. Selection Method

A. Method of Communication

All general communication of relevant information regarding this solicitation will be made via the Georgia Procurement Registry (GPR) under RFQ-484-031616. All firms are responsible for checking the GPR on a regular basis for updates, clarifications, and announcements. GDOT reserves the right to communicate via electronic-mail with the primary contact listed in the Statements of Qualifications. Other specific communications will be made as indicated in the remainder of this RFQ.

B. Phase I - Selection of Finalists

Based on the Statements of Qualifications submitted in response to the projects/contracts listed in this RFQ, the Selection Committee will review the **Experience and Qualifications** and **Resources and Workload Capacity** listed in **Section IV. Selection Criteria for Phase I**. The Selection Committee will discuss the top submittals and the final rankings of the top submittals will be determined. From the final rankings of the top submittals, the Selection Committee will identify three (3) to five (5) firms which will be shortlisted.

All firms must meet the minimum requirements as listed in **Section IV.A.** below.

C. Finalist Notification for Phase II

Firms selected and shortlisted as finalists will receive notification and final instructions from GDOT regarding the **Phase II – Technical Approach** response.

D. Phase II - Finalists Response on Technical Approach and Past Performance

GDOT will request a Technical Approach of the three (3) to five (5) finalist firms for each project/contract. GDOT reserves the right to request a presentation/interview on any project/contract as determined in its best interests; however, this additional requirement shall typically be reserved for the most complex projects. Each finalist firm shall be notified in writing and informed of the proposal due date. Any additional detailed proposal instructions and requirements, beyond that provided in **Section V. Selection Criteria for Phase II**, for the finalists will be provided in the Finalist Notification. All members of the Selection Committee will review the Technical Approach (and will attend the presentation/interview if so chosen). **Firms shall not address any questions, prior to the award announcement, to anyone other than the designated contact.**

E. Final Selection

Final selection will be determined by carrying the scores from **Phase I** forward for each Finalist and by evaluating the **Technical Approach** and **Past Performance** criteria for **Phase II**. The Selection Committee will discuss the Finalist's Phase II Responses and the final rankings will be determined.

Negotiations will then be initiated with the top-ranked firm(s) to finalize the terms and conditions of the contract(s), including the fees to be paid. In the event a satisfactory agreement cannot be reached with the highest-ranking firm(s), GDOT will formally terminate the negotiations and possibly enter into negotiations with the second highest-ranking firm, and so on in turn until a mutual agreement is established and GDOT awards a contract. The final form of the contract shall be developed by GDOT.

III. Schedule of Events

The following Schedule of Events represents GDOT's best estimate of the Schedule that will be followed. All times indicated are prevailing times in Atlanta, Georgia. GDOT reserves the right to adjust the Schedule as GDOT deems necessary.

PHASE I	DATE	TIME
a. GDOT issues public advertisement of RFQ -484-031616	2/15/2016	-----
b. Deadline for submission of written questions and requests for clarification	3/2/2016	2:00 PM
c. Deadline for submission of Statements of Qualifications	3/16/2016	2:00 PM
d. GDOT completes evaluation and issues notification and other information to finalist firms	TBD	
PHASE II		
e. Deadline for submission of written questions from finalists	TBD	2:00 PM
f. Phase II Response of Finalist firms due	TBD	TBA

IV. Selection Criteria for Phase I - Criteria for Evaluation of Statements of Qualifications

A. Area Class Requirements and Certification

Presented teams must be prequalified in the indicated Area Class(es) in order to be evaluated. Required proof of prequalification shall be submitted as indicated in **Section VI.B.4.** below. All Submittals will be pre-screened to verify that the Prime consultant has the required Area Class(es) and that the overall team has the required Area Class(es). Any submittal in which the Prime consultant or the overall team area class requirements are not met will be disqualified from further consideration.

Each submittal will require a certification to allow the Department to analyze risks in determining if any Firm should be ineligible for award. The certification shall cover a wide variety of information. Any firm which responds in any potentially concerning manner must provide additional information as directed herein for consideration by GDOT to determine if Firm is eligible for award.

B. Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications – 30%

The Selection Committee will evaluate all firms on their Experience and Qualifications, which shall account for a total of thirty (30%) percent of the total evaluation. **The following criteria for scoring Phase I of the evaluation will be utilized to determine which firms are shortlisted:**

1. Project Manager education, registration, relevant engineering experience, relevant project management experience, experience in utilizing GDOT specific processes, manuals, or guidance.
2. Key Team Leaders' education, registration, relevant technical experience, and relevant experience in utilizing GDOT specific processes, manuals, or guidance.
3. Prime Consultant's experience in delivering projects of similar complexity, size, scope, and function.

C. Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity – 20%

The Selection Committee will evaluate all firms on their Resources availability and Workload Capacity which shall account for a total of twenty (20%) percent of the total evaluation. **The following criteria for scoring the Resources and Workload Capacity will be utilized to determine which firms are shortlisted:**

1. Project Manager Workload
2. Workload capacity of Key Team Leader(s)
3. Resources dedicated to delivering project
4. Ability to Meet Project Schedule

V. Selection Criteria for Phase II - Criteria for Evaluation of Technical Approach and Past Performance

A. Technical Approach – 40%

The Selection Committee will evaluate the shortlisted firms (Finalists) on their Technical Approach, which shall account for a total of forty (40%) percent. The Selection Committee shall utilize the following additional criteria for scoring Phase II of the evaluation to determine the highest ranked/most qualified (**NOTE: Scores from Phase I will be carried forward and combined with the scores from the Phase II to determine the final ranking of Finalists**):

1. Technical approach to delivering the project (including design concepts and use of alternative methods).
2. Provide any specific qualifications, skills, or knowledge which your firm has which could benefit the project, and your ability and willingness to meet time requirements.
3. *****EXHIBIT 1-8, CONTRACT 8 ONLY*****
 - a. Experience in the structural design of movable bridges such as bascule bridges, swing bridges or vertical lift span bridges.
 - b. Experience in electrical engineering and mechanical engineering associated in the design, rehabilitation or operation of movable bridges.

B. Past Performance – 10%

The Selection Committee may consider information provided via references provided for relevant projects, knowledge any selection committee member has of performance on relevant projects, and performance evaluations or knowledge presented on GDOT projects. The Selection Committee will consider all factors in their totality and score from 0 to 10 when arriving at a final score for the Past Performance.

VI. Instructions for Content and Preparation of Statements of Qualifications – Phase I Response

The Statements of Qualifications for each project/contract submittal must be submitted in accordance with the instructions provided in Section VIII, and must be **organized, categorized using the same headings (in red), and numbered and lettered** exactly as outlined below, and must be responsive to all requested information. For the sections in which page number limits are stated, each section with a stated limit must begin on a new page and end on the last page allowed for the section. It is not allowed to begin new sections on a page allowed for a previous section, if applicable. This will enable the Department to ensure compliance with the page limitations.

Cover page – Each project/contract submittal must have a separate cover page for each copy of each submittal for each project/contract and each must list the RFQ#, RFQ Title, proposing firm's full legal name and the specific project contract being submitted on to include the Project Numbers, PI Numbers, County(ies), and Description.

A. Administrative Requirements

It is required to submit the information below for each copy of each submittal for each project. This is general information and will not be scored but may be used to determine eligibility for selection.

1. Basic company information:
 - a. Company name.
 - b. Company Headquarter Address.
 - c. Contact Information - Name and all contact information (telephone number(s) and e-mail address) of primary proposing contact (this will be the individual with whom the Department will direct all communications).
 - d. Company website (if available).
 - e. Georgia Addresses - Identify and provide addresses for the offices located in the State of Georgia.
 - f. Staff - List the number and disciplines of staff members employed in each office in the State of Georgia.
 - g. Ownership - Provide form of ownership, including state of residency or incorporation, and number of years in business. Is the Offeror a sole proprietorship, partnership, corporation, limited liability Corporation, or other structure?
2. Certification Form - Complete the Certification Form (*Exhibit "II" enclosed with RFQ*), and provide a notarized original within the firm's Statement of Qualifications. This is to be submitted for the Prime **ONLY**.
3. Georgia Security and Immigration Compliance Act Affidavit – Complete the form (*Exhibit "III" enclosed with RFQ*), and provide a notarized original within the firm's Statement of Qualifications. This is to be submitted for the Prime **ONLY**.
4. Addenda - Signed cover page of any Addenda issued for the Prime **ONLY**.

B. Experience and Qualifications

1. Project Manager - Provide information pertaining to the project manager, including but not limited to:
 - a. Education.
 - b. Registration (if necessary and applicable.)
 - c. Relevant engineering experience.
 - d. Relevant project management experience for projects of similar complexity, size, scope, and function (no more than five (5) projects).

- e. Relevant experience utilizing GDOT specific processes, manuals, or guidance (Plan Development Process, Design Policy, Environmental Procedures Manual, etc.).

This information is limited to two pages maximum.

2. Key Team Leaders - Provide experience of Key Team Leaders (defined as those individuals who oversee project areas determined as particularly important to each specific project, refer to the Project Description in **Exhibit I, specifically Section 7** for the list of Key Team Leaders for each Project). For each Key Team Leader identified provide:
 - a. Education.
 - b. Registration (if necessary and applicable.)
 - c. Relevant experience in the applicable resource area (on no more than three (3) of the most relevant projects).
 - d. Relevant experience utilizing GDOT specific processes, manuals, or guidance (PDP, Design Policy, Environmental Procedures Manual, etc.) which are specific to the key resource area.

This information is limited to one (1) page maximum for each Key Team Leader identified in Section 7 of each Exhibit I. Respondents submitting more than one (1) page for each Key Team Leader identified will be subject to disqualification. Respondents who provide more Key Team Leaders than what is outlined in the requirement will be subject to disqualification as this would provide an advantage over firms who complied with the requirement and had the required number of Key Team Leaders. Respondents who do not provide the required Key Team Leaders will be subject to disqualification as this does not meet the requirements of the project and therefore would deem the respondent and its team unqualified for the award.

3. Prime Experience - Provide information on the prime's experience and ability in delivering effective services for projects of similar complexity, size, scope, and function. Describe no more than five (5) projects, in order of most relevant to least relevant, which demonstrate the firm's capabilities to provide services for GDOT. For each project, the following information should be provided:
 - a. Client name, project location and dates during which services were performed.
 - b. Description of overall project and services performed by your firm.
 - c. Duration of project services provided by your firm, and overall project budget.
 - d. Experience utilizing GDOT specific processes, manuals, or guidance (PDP, Design Policy, Environmental Procedures Manual, etc.).
 - e. Client(s) current contact information including contact names and telephone numbers.
 - f. Involvement of Key Team Leaders on the projects.

This information is limited to two pages maximum.

4. Area Class Summary Form and Notice of Professional Consultant Qualifications - Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their sub-consultants, who are considered team members. Prime Consultants and their sub-consultant team members must meet the Area Class requirements listed in Exhibit I for each project on which they apply. In regards to the required Area Classes, for each project/contract on which they apply, respondents should submit a summary form (example provided in Exhibit IV) which details the required area classes for the Prime Consultant and all sub-consultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes and firm's meeting the area classes listed on the summary form must meet all required area classes or the team will be disqualified. If a team member's prequalification will expire prior to the due date of the SOQs, documentation must be provided which shows that the firm has submitted its application for prequalification prior to the SOQ due date. The team must maintain its prequalification certification in order to be considered eligible for award if selected. **Additionally, respondents should submit the Notice of Professional Consultant Qualifications (for the Prime Consultant and all sub-consultants for each project) issued by GDOT and attach after the Area Class summary form.**

This information is limited to the one page for the Area Class table (unless the project needs require an extensive list of area classes) and the required Notice of Professional Consultant Qualifications.

C. Resources/Workload Capacity

1. Overall Resources - Provide information regarding the overall resources dedicated to delivering the specific project, including:
 - a. Organizational chart which identifies the project manager, prime, Key Team Leaders, support personnel, and reporting structure.
 - b. Primary Office - Identify and discuss the primary office which will be responsible for handling the specific project and the number and types of staff within the office and how this office could benefit the project and promote efficiency.
 - c. Narrative on Additional Resource Areas and Ability – Respondents are also allowed one page to provide information regarding additional resource areas identified as important to the project, to discuss how the key areas will integrate and work together on the project, to discuss any information which is pertinent to these areas, to provide a narrative regarding how the organization of the team, including the PM and Key Team Leaders can deliver the project on schedule given their workload capacity. (GDOT recognizes that some individuals may be able to meet the schedule while carrying heavier project loads.) Respondents may discuss the advantages of your team and the abilities of the team members which will enable the project to meet the proposed schedule as identified in **Exhibit I** (where applicable). If there is no proposed schedule, discuss the advantages of the team and the abilities of the team members which will enable the project to move as expeditiously as possible. **Respondents submitting more than the one additional page allowed, will be subject to disqualification.**
2. Project Manager Commitment Table - Provide a list of ALL projects (GDOT, other governments and private contracts – Information may be validated and any firm determined not to be listing all projects may be subject to disqualification) on which the proposed project manager is currently committed, to enable the Department to ascertain the project manager's availability. Utilize a table similar to the following format with a minimum of all criteria indicated to provide the requested information:

Project Manager	PI/Project # for GDOT Projects/Name of Customer for Non-GDOT Projects	Role of PM on Project	Project Description	Current Phase of Project	Current Status of Project	Monthly Time Commitment in Hours

3. Key Team Leader Project Commitment Table - Provide a table similar to the below, with a minimum of all criteria indicated, which identifies ALL projects the Key Team Leaders (refer to the Project Description in **Exhibit I-11**, specifically **Section 7** for the list of Key Team Leaders for each Project) are committed on to enable the Department to ascertain the available capacity.

Key Team Leader	PI/Project # for GDOT Projects/Name of Customer for Non-GDOT Projects	Role of Key Team Leader on Project	Project Description	Current Phase of Project	Current Status of Project	Monthly Time Commitment in Hours

This information is limited to the organization chart, one page of text (for the Primary Office and Narrative on Ability discussion), and the tables.

VII. Instructions for Preparing Technical Approach and Past Performance Response – Phase II Response

The following information will only be requested of the shortlisted firms. The Selection Committee will evaluate the shortlisted firms using the information provided as requested below (NOTE: Scores from Phase I will be carried forward to Phase II). Please note that each project/contract will follow an individual schedule which meets the availability of each Selection Committee. For this reason, the Notice to Finalists and resulting Phase II responses may be on different schedules for each project/contract. If a firm is a Finalist on multiple projects/contracts, the Phase II responses should be considered as separate responses which shall be prepared and submitted separately.

The Phase II response must be submitted in accordance with the instructions provided in Section IX, and must be **organized, categorized using the same headings (in red), and numbered and lettered** exactly as outlined below, and must be responsive to all requested information. For the sections in which page number limits are stated, each section with a stated limit must begin on a new page and end on the last page allowed for the section. It is not allowed to begin new sections on a page allowed for a previous section, if applicable. This will enable the Department to ensure compliance with the page limitations.

Phase II Cover page – Each project/contract submittal must have a separate cover page for each copy of each Phase II submittal for each project/contract and each must indicate the response is for Phase II, list the RFQ#, RFQ Title, proposing firm's full legal name and the specific project contract being submitted on to include the Project Numbers, PI Numbers, County(ies), and Description.

A. Technical Approach

1. Technical approach to delivering the project (including design concepts and use of alternative methods).
2. Provide any specific qualifications, skills, or knowledge which your firm has which could benefit the project, and your ability and willingness to meet time requirements.

This information will be limited to a maximum of three (3) pages.

3. *****EXHIBIT 1-8, CONTRACT 8 ONLY*****, Technical Approach 1, 2 & 3 (There will be one extra page for Exhibit 1-8, Contract 8 Only to address number 3, Technical Approach which will include a total of 4 pages).
 - a. Experience in the structural design of movable bridges such as bascule bridges, swing bridges or vertical lift span bridges.
 - b. Experience in electrical engineering and mechanical engineering associated in the design, rehabilitation or operation of movable bridges.(There will be one extra page for Exhibit 1-8, Contract 8 Only to address number 3, Technical Approach which will include a total of 4 pages.

*****This information will be limited to a maximum of four (4) pages.*****

B. Past Performance

No additional information should be submitted to fulfill this requirement. Information from the relevant projects listed as well as information on file with the Department will be used to fulfill this requirement.

Past performance may be evaluated through the checking of project references for the proposed project manager as well as the firm. The Department will check these references at random. For this reason, attention should be paid to the references provided to ensure that the contact information provided is accurate and the individual references are reachable. Other past performance information which may be utilized includes GDOT consultant performance ratings as well as knowledge that any member of the Selection Committee has pertaining to the past performance of the firm on any project.

VIII. Instructions for Submittal for Phase I - Statements of Qualifications

- A. For each project/contract which is being sought by the firm, there are two (2) submittals required. Submittal #1 must follow the format and meet the content requirements identified in **Section VI, entitled Instructions for Content and Preparation of Statements of Qualifications – Phase I Response**. Respondents must submit one original and five (5) identical copies for all projects being sought. Submittal #2 is an electronic version of Submittal #1 which allows for GDOT to maintain the files electronically (please submit a electronic version for each contract you are submitting). The original and each copy of each Submittal #1 should be stapled separately. For each project/contract response, the original and each copy of Submittal #1 should be bound together using a binder clip or other similar fashion which allows the individual copies to be separated and distributed easily to Selection Committee Members. If a firm is responding to multiple projects/contracts, each separately bound project/contract may be submitted in a single package (boxed, enveloped, or other). See **Attachment 1** for a summary of how the submittals should be prepared.
- B. Submittals must be typed on standard (8½" x 11") paper. The pages should be numbered, however, submittal pages will be counted by section to determine compliance with page limits. Responses are limited to the page counts indicated in each section and should be double-sided using a minimum of size 11 font. Page counts will be determined by pages with print on them, not by the physical piece of paper. For example, a piece of paper which has print on both sides, shall be considered two pages while a piece of paper with print on only one side would be considered a single page. Each Statement of Qualifications shall be prepared simply and economically as indicated above. Fancy bindings, colored displays, and promotional materials are not desired. Emphasis must be on completeness, relevance, and clarity of content.

NOTE: Additional pages other than what has been specified above in each section **should not be included and will be grounds for disqualification.**

Submittals must be sealed in an opaque envelope or box, and reference **RFQ 484- 031616 and the words "STATEMENT OF QUALIFICATIONS"** must be clearly indicated on the outside of all of the envelopes or boxes. Statements of Qualifications **must be physically received by GDOT** prior to the deadline indicated in the Schedule of Events (*Section III of RFQ*) at the exact address below:

Georgia Department of Transportation (GDOT)
Attention: Karen Mims
Transportation Services Procurement
One Georgia Center, 19th Floor
600 West Peachtree Street, NW
Atlanta, Georgia 30308

No submittals will be accepted after the time and date set for receipt.

Statements of Qualifications submitted via facsimile or e-mail will be rejected. All expenses for preparing and submitting responses are the sole cost of the party submitting the response. GDOT is not obligated to any party to reimburse such expenses. All submittals upon receipt become the property of GDOT. Labeling information provided in submittals "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until final award.

GDOT reserves the right, in its sole discretion, to waive any technicalities associated with this submittal if deemed in the best interest of the State.

C. Questions and Requests for Clarification

Questions about any aspect of the RFQ, or the project, shall be submitted in writing via e-mail to: **Karen Mims, e-mail: kmims@dot.ga.gov**. The deadlines for submission of questions relating to the RFQ are the times and dates shown in the (**Schedule of Events- Section III**). From the issue date of this solicitation until a successful proposer is selected and the award is made official and announced, respondents are subject to the Restriction of Communication in **Section I.B.**

IX. Instructions for Submittal for Phase II – Technical Approach and Past Performance Response

THESE INSTRUCTIONS ARE INTENDED SOLELY FOR THOSE FIRMS IDENTIFIED AND NOTIFIED AS FINALISTS. Final Instructions will be provided to the Finalists in the notification.

Please note that each project/contract will follow an individual schedule which meets the availability of each Selection Committee. For this reason, the Notice to Finalists and resulting Phase II responses may be on different schedules for each project/contract.

- A. There are two (2) submittals required. Submittal #1 must follow the format and meet the content requirements identified in **Section VII, entitled Instructions for Preparing Technical Approach and Past Performance Response – Phase II Response**. Respondents must submit one original and five (5) identical copies for the project for which they have been identified as a Finalist. Submittal #2 is an electronic version of Submittal #1 which allows for GDOT to maintain the files electronically. The original and each copy of each Submittal #1 should be stapled separately. For each project/contract response, the original and each copy of Submittal #1 should be bound together using a binder clip or other similar fashion which allows the individual copies to be separated and distributed easily to Selection Committee Members. In the event that the firm has been identified as a Finalist on more than one project/contract, and the due date and time for the Phase II response is the same and a firm is responding to multiple projects/contracts, each separately bound project/contract may be submitted in a single package (boxed, enveloped, or other.)
- B. Submittals must be typed on standard (8½" x 11") paper. The pages should be numbered, however, submittal pages will be counted by section to determine compliance with page limits. Responses are limited to the page counts indicated in each section and should be double-sided using a minimum of size 11 font. Page counts will be determined by pages with print on them, not by the physical piece of paper. For example, a piece of paper which has print on both sides, shall be considered two pages while a piece of paper with print on only one side

would be considered a single page. Each Statement of Qualifications shall be prepared simply and economically as indicated above. Fancy bindings, colored displays, and promotional materials are not desired. Emphasis must be on completeness, relevance, and clarity of content.

NOTE: Additional pages other than what has been specified above in each section should not be included and will be grounds for disqualification.

- C. Submittals must be sealed in an opaque envelope or box, and reference **RFQ 484-031616 and the words "PHASE II RESPONSE"** must be clearly indicated on the outside of all of the envelopes or boxes. Statements of Qualifications **must be physically received by GDOT** prior to the deadline indicated in the Notice to Finalists at the exact address below:

Georgia Department of Transportation (GDOT)
Attention: Karen Mims
Transportation Services Procurement
One Georgia Center, 19th Floor
600 West Peachtree Street, NW
Atlanta, Georgia 30308

No submittals will be accepted after the time and date set for receipt.

Responses submitted via facsimile or e-mail will be rejected. All expenses for preparing and submitting responses are the sole cost of the party submitting the response. GDOT is not obligated to any party to reimburse such expenses. All submittals upon receipt become the property of GDOT. Labeling information provided in submittals "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until final award.

GDOT reserves the right, in its sole discretion, to waive any technicalities associated with this submittal if deemed in the best interest of the State.

D. Questions and Requests for Clarification

Questions about any aspect of the Phase II Response for Finalists, shall be submitted in writing via e-mail to: **Karen Mims, e-mail: kmims@dot.ga.gov**, or as directed in the Notice to Finalists, if different. The deadlines for submission of questions relating to the Phase II Response will be identified in the Notice to Finalists. From the issue date of this solicitation until a successful proposer is selected and the award is made official and announced, respondents are subject to the Restriction of Communication in **Section I.B.**

X. GDOT Terms and Conditions

A. Statement of Agreement

With the submission of a SOQ, the respondent agrees that he/she has carefully examined the Request for Qualifications, and agrees that it is the respondent's responsibility to request clarification on any issues in any section of the Request for Qualifications with which the respondent disagrees or needs clarified. The respondent also understands that failure to mention these items during the question period or in the SOQ will be interpreted to mean that the respondent is in full agreement with the terms, conditions, specifications and requirements in the therein. With submission of a SOQ, the respondent hereby certifies: (a) that this SOQ is genuine and is not made in the interest or on behalf of any undisclosed person, firm, or corporation; (b) that respondent has not directly or indirectly included or solicited any other respondent to put in a false or insincere SOQ; (c) that respondent has not solicited or induced any person, firm, or corporation to refrain from sending a SOQ.

The respondent also understands that failure to provide required information may result in disqualification. Failure to provide administrative information may not result in disqualification. At the Department's discretion, the Department may notify the respondent that administrative information is not provided or there was an error in the information provided, and the Department will allow a respondent to provide an update to the administrative information. However, the exception to this is the provision of the required **GEORGIA SECURITY AND IMMIGRATION COMPLIANCE ACT AFFIDAVIT**, which by Georgia Law requires disqualification of the response. The above changes mentioned to administrative information would be considered allowable as these would be limited to changes which **do not** affect the information which the evaluators use to score the respondents. Failure of a respondent to provide the specific administrative information as required in the notice will result in disqualification. Any respondent who provides changes in addition to the information requested in the notice shall be subject to disqualification. Failure of a respondent's SOQ to provide any information pertaining to a respondent and its teams qualifications, of any type, will subject the SOQ to disqualification. The Department will not allow updates to qualifications to be provided to avoid disqualification as this would allow a respondent to modify its SOQ and alter the information which evaluators would score. The above changes related to qualifications would not be allowable as these would allow changes which **do** affect the information which the evaluators use to score the respondents SOQ.

B. Joint-Venture Proposals, Sub-Consultants, and Vendors

GDOT does not generally desire to enter into "joint-venture" agreements with multiple firms. In the event two or more firms desire to "joint-venture", it is strongly recommended that one incorporated firm propose and maintain status as the Program Management firm with the remaining firms participating as major firms. Any joint-venture, proposed and established as a separate business entity, should have its own set of books and supporting documentation sufficient for an audit trail. Transactions should be recorded consistent with the joint-venture agreement, and care must be taken to ensure that the joint-venture bears its equitable share of the costs. Therefore, "unpopulated joint-ventures" would not have an adequate accounting system suitable for cost reimbursement contracts.

However more traditional "populated joint-ventures" are welcomed. A populated joint-venture is where an alliance is brought to life by infusing it with working capital, employees, and control systems. The alliance implements all necessary business systems, including payroll processing, purchasing, property control, etc. The alliance will develop its own indirect rate structure and calculates its own indirect cost rates, based on the direct and indirect costs it incurs.

Sub-Consultants shall generally be considered any team member which is performing any service which typically requires prequalification, which is subject to the Audit and Accounting System Requirements, and whose services are billed as costs. Sub-Consultant Team Members must be written into the resulting Agreement and are subject

to all terms and conditions in the Agreement. Vendors shall be considered any team member which is performing any service which typically does not require prequalification, which is not subject to the Audit and Accounting System Requirements, and whose services are billed as direct expenses. Vendors may not be written into the resulting Agreement and may not be subject to all terms and conditions in the Agreement.

C. Non-Discrimination and DBE Requirements

The Georgia Department of Transportation in accordance with Title VI of the Civil Rights Act of 1964 and 78 Stat. 252, 42 USC 2000d-42 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, part 21, Nondiscrimination in federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all proposers that it will affirmatively ensure that any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, sex, or national origin in consideration for an award.

The Georgia Department of Transportation Board has adopted a 15% overall annual goal for DBE participation on all federally funded projects. This goal is not to be considered as a fixed quota, set aside or preference. The DBE goal can be met by prime contracting, sub-contracting, joint-venture or mentor/protégé relationship.

Georgia Department of Transportation will monitor and assess each consultant services submittals for their DBE participation and/or good faith effort in promoting equity and opportunity in accordance with the state of Georgia, Department of Transportation Disadvantage Business Program Plan.

For more information on the GDOT DBE Program please contact:

Georgia Department of Transportation
Equal Opportunity Division
One Georgia Center, 7th Floor
600 West Peachtree Street, NW
Atlanta, Georgia 30308
Phone: (404) 631-1972

D. Audit and Accounting System Requirements

GDOT reserves the right to reject any proposal with firms that do not meet the following requirements:

1. Firm(s) should have an accounting system in place to meet requirements of 48 CFR Part 31 and, in the case of non-profit organizations, OMB Circular A-122.
2. Any firm that currently has an aggregate contract amount exceeding \$250,000 should have submitted their yearly CPA overhead audit **no later than June 30 of each year.**
3. Firm(s) should have no significant outstanding deficient audit findings from previous contracts with GDOT that have not been resolved.
4. The prime is responsible for being reasonably assured that all sub-consultant(s) presented as a part of the proposed team are similarly in compliance with the above requirements.

E. Submittal Costs and Confidentiality

All expenses for preparing and submitting responses are the sole cost of the respondent submitting the response. The Department is not obligated to any respondent to reimburse such expenses. All submittals upon receipt become the property of the Department. Labeling information provided in submittals as "proprietary" or "confidential", or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until a final award.

F. Award Conditions

This request is not an offer to contract or a solicitation of bids. This request and any proposal submitted in response, regardless of whether the proposal is determined to be the best proposal, is not binding upon the Department and does not obligate the Department to procure or contract for any services. Neither the Department nor any respondent submitting a response will be bound unless and until a written contract mutually accepted by both parties is negotiated as to its terms and conditions and is signed by the Department and a respondent containing such terms and conditions as are negotiated between those parties. The Department reserves the right to waive non-compliance with any requirements of this Request for Qualifications and to reject any or all proposals submitted in responses. Upon review of responses, the Department will determine the respondent(s) proposal that in the sole judgment of the Department is in the best interest of the Department (if any is so determined), with respect to the evaluation criteria stated herein. The Department then intends to conduct negotiations with such respondent(s) to determine if an acceptable contract may be reached.

G. Debriefings

In lieu of Pre-Award and Post-Award debriefings, it shall be the Department's policy to provide the "Selection Package" at the time of the Selection Announcement (also referred to as the Announcement of Entering into Negotiations). The "Selection Package" will include the scores and comments of phases for all firms who responded and will typically be provided as a PDF file and e-mailed. Previously, pre-award debriefings only provided the scores and comments of the firm. It shall be the policy of the Department that all debriefings will typically be conducted in writing.

H. Right to Cancel or Change RFQ

GDOT reserves the right to cancel any and all Request for Qualifications where it is determined to be in the best interest of the Department to do so. GDOT reserves the right to increase, reduce, add or delete any item in this solicitation as deemed necessary.

It is the responsibility of all firms interested in submitting Statement of Qualifications (SOQs) for this advertisement to routinely check the posting on the Georgia Procurement Registry for any revisions to this RFQ.

I. Substitutions, Alternates, Exceptions, and Extensions

No substitutions or alternates will be accepted for this solicitation. Any respondent submitting substitutions or alternates will be considered non-responsive and will not be considered for award.

J. GDOT Code of Conduct Pertaining to Conflict of Interest in the Award and Administration of Contracts

Pursuant to GDOT Policy 3A-17, any GDOT employee who leaves the employment of the Department and subsequently becomes employed with a consultant firm and whose duties while employed with the Department included the direct involvement with the negotiation, administration, or management of a contract in which the firm is either the primary consultant or a sub-consultant **SHALL NOT** be authorized to work on that contract as an employee of that firm for a period of one (1) year after their employment ends..

Additionally, on July 1st of each year, any consultant firm that is under contract with the Department as a prime or sub consultant shall provide to the Department's Chief Procurement Officer (CPO) a current list of all former Department employees employed by the firm and a document that certifies the responsibilities of those employees as it relates to the current contracts with the Department. This certification document shall attest to the fact that over the last year no former Department employee that is employed by their firm has worked on a contract between the Department and their firm where that employee, when employed by the Department, had direct involvement with the selection, award and/or administration of the consultant contract. Any consultant firm entering into a contract with the Department for the first time as a prime or sub consultant shall provide the initial required list of former Department employees and certification prior to the contract effective date. If the Department's CPO determines at any point during a contract that an actual conflict exists as it relates to the above paragraph, then the CPO shall have the authority to issue a stop work order on that contract.

EXHIBIT I-1**Project/Contract 1**

1. PI Numbers:	2. Counties:	3. Descriptions:
0013716	Clarke	SR 10 LOOP EB & WB @ SR 8/US 29
0013806	Clarke	SR 10/US 78 @ NORTH OCONEE RIVER

4. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their sub-consultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or sub-consultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all sub-consultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The **Prime Consultant** **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.02	Urban Roadway Design

OR

Number	Area Class
4.01	Minor Bridge Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
3.02	Urban Roadway Design
3.05	Urban Interstate Highway Design
4.01	Minor Bridge Design
4.04	Hydraulic and Hydrological Studies (Bridges)
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.02	Bridge Foundation Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

5. Scope:

The Consultant shall provide concept development, field surveys and database enhancements, development of the environmental document including all required special studies, preliminary construction plans, hydraulic and

hydrological studies, preliminary bridge plans, signing and marking plans, final right-of-way plans (including revisions), erosion control plans, staging plans and final construction plans (including revisions through project final acceptance). All required engineering studies are considered part of the scope of services. All deliverables shall be in accordance with the Plan Development Process, Electronic Data Guidelines, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

Task Order #1 is expected to be for Concept Report Approval including all activities required for approval. These activities include Traffic Analysis, Public Involvement for possible detour, History, Ecology, and Archaeology Survey Reports, Initial Concept Team Meeting, and Concept Team Meeting.

A. Concept Report:

1. Traffic Studies.
2. Cost Estimates.
3. Initial Concept Meeting Preparation and Attendance.
4. Concept Meeting Preparation and Attendance.
5. Approved Concept Report.
6. Concept Design Data Book.

B. Environmental Document:

1. Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
2. NEPA documents:
 - a. Categorical Exclusion.
 - b. Section 4f coordination.
 - c. One NEPA document reevaluation for Construction.
3. Preparation of a Section 404 Individual Permit application.
4. Aquatic Survey.
5. Stream Buffer Variance.
6. Wetland Mitigation.
7. Preparation of a Vegetative Buffer application.
8. Practical Alternatives Report (PAR), if necessary.
9. Public Involvement (1 possible detour/Public Information Open House [PIOH]).
10. Prepare for and attend the Preliminary Field Plan Review (PFPR) and Final Field Plan Review (FFPR).

C. Preliminary Design:

1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary Erosion, Sedimentation, and Pollution Control Plans (ESPCP).
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including Municipal Separate Storm Sewer System (MS4), if applicable.
2. Bridge Hydraulic Study.
3. Bridge Foundation Investigation (BFI) Report.
4. Pavement Evaluation/UST/Soil Survey.
5. Constructability Meeting participation
6. Cost Estimation with annual updates.
7. Quality Assurance/Quality Control Reviews.
8. Location and Design Report.
9. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

D. Right-of-Way (ROW) Plans:

1. Prepare ROW plans and coordinate ROW staking.
2. Right of Way revisions during acquisition, as needed.

E. Utilities:

Subsurface Utility Engineering.

F. Final Design:

1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans.
 - b. Final Signing and Marking Plans.
 - c. Final ESPCP.
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4, if applicable.
3. FFPR participation , report, and responses (all plans sets and other information requested by Engineering Services).
4. Corrected FFPR Plans.
5. Cost Estimation System (CES) Final cost estimate.
6. Final Plans, Specifications and Estimates (PS&E) Package.
7. Amendments & Revisions.

G. Construction:

1. Use on Construction Revisions.
2. Review Shop Drawings.

H. Quality Control/Quality Assurance Reviews for all deliverables.

I. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).

6. The following milestone dates are proposed:

- A. Preliminary Engineering (PE) Notice to Proceed – 10/07/16.
- B. Preliminary Field Plan Review (PFPR) Inspection – 07/14/18.
- C. Right-of-Way (ROW) Plans approved – 01/06/19.

7. Related Key Team Leaders:

- A. Roadway Design Lead.
- B. Bridge Design Lead.
- C. NEPA Lead.

8. There is no additional information for this contract.

EXHIBIT I-2**Project/Contract 2**

4. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their sub-consultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or sub-consultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all sub-consultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The Prime Consultant **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Rural Roadway Design
3.02	Urban Roadway Design

OR

Number	Area Class
4.01	Minor Bridge Design

B. The Team (either the Prime Consultant and/or one or more of their subconsultant team members) **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
3.01	Rural Roadway Design
3.02	Urban Roadway Design
4.01	Minor Bridge Design
4.02	Major Bridge Design
4.04	Hydraulic and Hydrological Studies (Bridges)
5.01	Land Surveying
5.02	Engineering Surveying

5.03	Geodetic Surveying
5.08	Overhead/Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.02	Bridge Foundation Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

5. Scope:

The Consultant shall provide concept development, field surveys and database enhancements, development of the environmental document including all required special studies, preliminary construction plans, hydraulic and hydrological studies, preliminary bridge plans, signing and marking plans, final right-of-way plans (including revisions), erosion control plans, staging plans and final construction plans (including revisions through project final acceptance). All required engineering studies are considered part of the scope of services. All deliverables shall be in accordance with the Plan Development Process, Electronic Data Guidelines, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

Task Order #1 is expected to be for Concept Report Approval including all activities required for approval. These activities include Survey, Traffic Analysis, Public Involvement for possible detour, History, Ecology, and Archaeology Survey Reports, Initial Concept Team Meeting, and Concept Team Meeting.

A. Complete Field Surveys:

1. Provide Survey Control Package.
2. Provide Inroads Survey Database.
3. Staking for Bridge Site Inspection.
4. Staking for Right of Way acquisition.

B. Concept Report:

1. Traffic Studies.
2. Cost Estimates.
3. Initial Concept Meeting Preparation and Attendance.
4. Concept Meeting Preparation and Attendance.
5. Approved Concept Report.
6. Concept Design Data Book.

C. Environmental Document:

1. Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
2. NEPA documents:
 - a. Categorical Exclusion.
 - b. Section 4f coordination.
 - c. One NEPA document reevaluation for Construction.
3. Preparation of a Section 404 Individual Permit application.
4. Aquatic Survey.
5. Stream Buffer Variance.
6. Wetland Mitigation.
7. Preparation of a Vegetative Buffer application.
8. Practical Alternatives Report (PAR), if necessary.
9. Public Involvement (1 possible detour/Public Information Open House [PIOH]).
10. Prepare for and attend the Preliminary Field Plan Review (PFPR) and Final Field Plan Review (FFPR).

D. Preliminary Design:

1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary Erosion, Sedimentation, and Pollution Control Plans (ESPCP).
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including Municipal Separate Storm Sewer System (MS4), if applicable.
2. Bridge Hydraulic Study.
3. Bridge Foundation Investigation (BFI) Report.
4. Pavement Evaluation/UST/Soil Survey.
5. Constructability Meeting participation.
6. Cost Estimation with annual updates.
7. Quality Assurance/Quality Control Reviews.
8. Location and Design Report.
9. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

1. Prepare ROW plans and coordinate ROW staking.
2. Right of Way revisions during acquisition, as needed.

F. Utilities:

Subsurface Utility Engineering.

G. Final Design:

1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans.
 - b. Final Signing and Marking Plans.
 - c. Final ESPCP.
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4, if applicable.
3. FFPR participation , report, and responses(all plans sets and other information requested by Engineering Services).
4. Corrected FFPR Plans.
5. Cost Estimation System (CES) Final cost estimate.
6. Final Plans, Specifications & Estimates (PS&E) Package.
7. Amendments & Revisions.

H. Construction:

1. Use on Construction Revisions.
2. Review Shop Drawings.

I. Quality Control/Quality Assurance Reviews for all deliverables.

- J. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues)**

6. The following milestone dates are proposed:

- A. Preliminary Engineering (PE) Notice to Proceed – 10/07/16.
- B. Preliminary Field Plan Review (PFPR) Inspection – 07/14/18.
- C. Right-of-Way (ROW) Plans approved –01/06/19.
- D. Final Field Plan Review (FFPR) Inspection – 07/22/19.
- E. Final Plans for Letting – 12/02/19.
- F. Let Contract – 02/11/20.

7. Related Key Team Leaders:

- A. Roadway Design Lead.
- B. Bridge Design Lead.
- C. NEPA Lead.

8. Assumptions:

- A. Bridge to be replaced, not widened or rehabilitated.
- B. On-site or off-site detour may be required (to be determined during concept development).

9. There is no additional information for this contract.

4. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their sub-consultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or sub-consultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all sub-consultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The **Prime Consultant** **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Rural Roadway Design

OR

Number	Area Class
4.01	Minor Bridge Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
3.01	Rural Roadway Design
4.01	Minor Bridge Design
4.04	Hydraulic and Hydrological Studies (Bridges)
5.01	Land Surveying
5.02	Engineering Surveying

5.03	Geodetic Surveying
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.02	Bridge Foundation Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

5. Scope:

The Consultant shall provide concept development, field surveys and database enhancements, development of the environmental document including all required special studies, preliminary construction plans, hydraulic and hydrological studies, preliminary bridge plans, signing and marking plans, final right-of-way plans (including revisions), erosion control plans, staging plans and final construction plans (including revisions through project final acceptance). All required engineering studies are considered part of the scope of services. All deliverables shall be in accordance with the Plan Development Process, Electronic Data Guidelines, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

Task Order #1 is expected to be for Concept Report Approval including all activities required for approval. These activities include Survey, Traffic Analysis, Public Involvement for possible detour, History, Ecology, and Archaeology Survey Reports, Initial Concept Team Meeting, and Concept Team Meeting.

A. Complete Field Surveys:

- a. Provide Survey Control Package.
- b. Provide Inroads Survey Database.
- c. Staking for Bridge Site Inspection.
- d. Staking for Right of Way acquisition.

B. Concept Report:

2. Traffic Studies.
3. Cost Estimates.
4. Initial Concept Meeting Preparation and Attendance.
5. Concept Meeting Preparation and Attendance.
6. Approved Concept Report.
7. Concept Design Data Book.

C. Environmental Document:

1. Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
2. NEPA documents:
 - a. Categorical Exclusion.
 - b. Section 4f coordination.
 - c. One NEPA document reevaluation for Construction.
3. Preparation of a Section 404 Individual Permit application.
4. Aquatic Survey.
5. Stream Buffer Variance.
6. Wetland Mitigation.
7. Preparation of a Vegetative Buffer application.
8. Practical Alternatives Report (PAR), if necessary.
9. Public Involvement (1 possible detour/Public Information Open House [PIOH]).
10. Prepare for and attend the Preliminary Field Plan Review (PFPR) and Final Field Plan Review (FFPR).

D. Preliminary Design:

1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary Erosion, Sedimentation, and Pollution Control Plans (ESPCP).
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including Municipal Separate Storm Sewer System (MS4), if applicable.
2. Bridge Hydraulic Study.
3. Bridge Foundation Investigation (BFI) Report.
4. Pavement Evaluation/UST/Soil Survey.
5. Constructability Meeting participation.
6. Cost Estimation with annual updates.
7. Quality Assurance/Quality Control Reviews.
8. Location and Design Report.
9. PFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

1. Prepare ROW plans and coordinate ROW staking.
2. Right of Way revisions during acquisition, as needed.

F. Final Design:

1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans.
 - b. Final Signing and Marking Plans.
 - c. Final ESPCP.
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4, if applicable.
2. FFPR participation , report, and responses (all plans sets and other information requested by Engineering Services).
3. Corrected FFPR Plans.
4. Cost Estimation System (CES) Final cost estimate.
5. Final Plans, Specifications & Estimates (PS&E) Package.
6. Amendments & Revisions.

G. Construction:

1. Use on Construction Revisions.
2. Review Shop Drawings.

H. Quality Control/Quality Assurance Reviews for all deliverables.

I. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues)

6. The following milestone dates are proposed:

- A. Preliminary Engineering (PE) Notice to Proceed – 10/07/17.
- B. Preliminary Field Plan Review (PFPR) Inspection – 07/14/18.
- C. Right-of-Way (ROW) Plans approved – 01/06/18.
- D. Final Field Plan Review (FFPR) Inspection – 07/22/19.
- E. Final Plans for Letting – 12/02/19.
- F. Let Contract – 02/11/20.

7. Related Key Team Leaders:

- A. Roadway Design Lead.
- B. Bridge Design Lead.
- C. NEPA Lead.

8. Assumptions:

- A. Bridge to be replaced, not widened or rehabilitated.
- B. On-site or off-site detour may be required (to be determined during concept development).

9. There is no additional information for this contract.

1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
3.01	Rural Roadway Design
3.02	Urban Roadway Design
3.15	Highway Lighting
4.01	Minor Bridge Design
4.04	Hydraulic and Hydrological Studies (Bridges)
5.01	Land Surveying
5.02	Engineering Surveying

5.03	Geodetic Surveying
5.08	Subsurface Utility Engineering (SUE)
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.02	Bridge Foundation Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

5. Scope:

The Consultant shall provide concept development, field surveys and database enhancements, development of the environmental document including all required special studies, preliminary construction plans, hydraulic and hydrological studies, preliminary bridge plans, signing and marking plans, final right-of-way plans (including revisions), erosion control plans, staging plans and final construction plans (including revisions through project final acceptance). All required engineering studies are considered part of the scope of services. All deliverables shall be in accordance with the Plan Development Process, Electronic Data Guidelines, Plan Presentation Guide, National Environmental Policy Act (NEPA) and the GDOT Environmental Procedures Manual.

Task Order #1 is expected to be for Concept Report Approval including all activities required for approval. These activities include Survey, Traffic Analysis, Public Involvement for possible detour, History, Ecology, and Archaeology Survey Reports, Initial Concept Team Meeting, and Concept Team Meeting.

A. Complete Field Surveys:

1. Provide Survey Control Package.
2. Provide Inroads Survey Database.
3. Staking for Bridge Site Inspection.
4. Staking for Right of Way (ROW) acquisition.

B. Concept Report:

1. Traffic Studies.
2. Cost Estimates.
3. Initial Concept Meeting Preparation and Attendance.
4. Concept Meeting Preparation and Attendance.
5. Approved Concept Report.
6. Concept Design Data Book.

C. Environmental Document:

1. Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
2. NEPA documents:
 - a. Categorical Exclusion.
 - b. Section 4f coordination.
 - c. One NEPA document reevaluation for Construction.
3. Preparation of a Section 404 Individual Permit application.
4. Aquatic Survey.
5. Stream Buffer Variance.
6. Wetland Mitigation.
7. Preparation of a Vegetative Buffer application.
8. Practical Alternatives Report (PAR), if necessary.
9. Public Involvement (1 possible detour/Public Information Open House [PIOH]).
10. Prepare for and attend the Preliminary Field Plan Review (PFPR) and Final Field Plan Review (FFPR).

D. Preliminary Design:

1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary Erosion, Sedimentation, and Pollution Control Plans (ESPCP).
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including Municipal Separate Storm Sewer System (MS4, if applicable).
2. Bridge Hydraulic Study.
3. Bridge Foundation Investigation (BFI) Report.
4. Pavement Evaluation/UST/Soil Survey.
5. Constructability Meeting participation.
6. Cost Estimation with annual updates.
7. Quality Assurance/Quality Control Reviews.
8. Location and Design Report.
9. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

1. Prepare ROW plans and coordinate ROW staking.
2. Right of Way revisions during acquisition, as needed.

F. Utilities:

Subsurface Utility Engineering.

G. Final Design:

1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans.
 - b. Final Signing and Marking Plans.
 - c. Final Erosion, Sedimentation, and Pollution Control Plans (ESPCP).
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4, if applicable.
2. FFPR participation , report, and responses (all plans sets and other information requested by Engineering Services).
3. Corrected FFPR Plans.
4. Cost Estimation System (CES) Final cost estimate.
5. Final Plans, Specifications & Estimates (PS&E) Package.
6. Amendments & Revisions.

H. Construction:

1. Use on Construction Revisions.
2. Review Shop Drawings.

I. Quality Control/Quality Assurance Reviews for all deliverables.

J. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).

6. The following milestone dates are proposed:

- A. Preliminary Engineering (PE) Notice to Proceed – 10/07/16.
- B. Preliminary Field Plan Review (PFPR) Inspection – 07/14/18.
- C. Right-of-Way (ROW) Plans approved – 01/06/19.
- D. Final Field Plan Review (FFPR) Inspection – 07/01/19.
- E. Final Plans for Letting – 12/03/19.
- F. Let Contract – 02/11/20.

7. Related Key Team Leaders:

- A. Roadway Design Lead.
- B. Bridge Design Lead.
- C. NEPA Lead.

8. Assumptions:

- A. Bridge to be replaced, not widened or rehabilitated.
- B. On-site or off-site detour may be required (to be determined during concept development).

9. There is no additional information for this contract.

4. Required Area Classes:

Prime Consultants are defined as the firm submitting the Statement of Qualifications and the firm with whom GDOT will contract. The Team is defined as the Prime Consultant and their sub-consultants, who are considered team members. The Prime Consultant must be prequalified in the Area Classes identified below in Section 5.A. The Prime Consultant or sub-consultant team members must be prequalified in the Area Classes identified below in Section 5.B. Respondents should submit a summary form (example provided in **Exhibit IV**) which details the required area classes for the Prime Consultant and all sub-consultants or joint-venture of consultants on the team listed in the Statement of Qualifications. The area classes listed on the summary form must meet all required area classes or the team will be disqualified. The Prequalification Expiration Date must be current by the deadline stated for this RFQ.

A. The **Prime Consultant** **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
3.01	Rural Roadway Design

OR

Number	Area Class
4.02	Major Bridge Design

B. The **Team** (either the Prime Consultant and/or one or more of their subconsultant team members) **MUST** be prequalified by GDOT in the area classes listed below:

Number	Area Class
1.06(a)	NEPA
1.06(b)	History
1.06(c)	Air Quality
1.06(d)	Noise
1.06(e)	Ecology
1.06(f)	Archaeology
1.06(g)	Freshwater Aquatic Surveys
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)
3.01	Rural Roadway Design
4.01	Minor Bridge Design
4.02	Major Bridge Design
4.04	Hydraulic and Hydrological Studies (Bridges)
5.01	Land Surveying
5.02	Engineering Surveying

5.03	Geodetic Surveying
6.01(a)	Soil Survey Studies
6.01(b)	Geological and Geophysical Studies
6.02	Bridge Foundation Studies
9.01	Erosion, Sedimentation, and Pollution Control Plan

5. Scope:

2. Provide Inroads Survey Database.
3. Staking for Bridge Site Inspection.
4. Staking for Right of Way (ROW) acquisition.

B. Concept Report:

1. Traffic Studies.
2. Cost Estimates.
3. Initial Concept Meeting Preparation and Attendance.
4. Concept Meeting Preparation and Attendance.
5. Approved Concept Report.
6. Concept Design Data Book.

C. Environmental Document:

1. Necessary Environmental Special Studies surveys reports and assessment of effects (i.e., Air, Noise, History, Ecology, and Archaeology).
2. NEPA documents:
 - a. Categorical Exclusion.
 - b. Section 4f coordination.
 - c. One NEPA document reevaluation for Construction.
3. Preparation of a Section 404 Individual Permit application.
4. Aquatic Survey.
5. Stream Buffer Variance.
6. Wetland Mitigation.
7. Preparation of a Vegetative Buffer application.
8. Practical Alternatives Report (PAR), if necessary.
9. Public Involvement (1 possible detour/Public Information Open House [PIOH]).
10. Prepare for and attend the Preliminary Field Plan Review (PFPR) and Final Field Plan Review (FFPR).

D. Preliminary Design:

1. Complete Preliminary Roadway Plans, including but not limited to:
 - a. Preliminary Bridge Plans.
 - b. Preliminary Signing and Marking Plans.
 - c. Preliminary Erosion, Sedimentation, and Pollution Control Plans (ESPCP).
 - d. Preliminary Utility Plans.
 - e. Preliminary Staging Plans.
 - f. Drainage Design including Municipal Separate Storm Sewer System (MS4, if applicable).
2. Bridge Hydraulic Study.
3. Bridge Foundation Investigation (BFI) Report.
4. Pavement Evaluation/UST/Soil Survey.
5. Constructability Meeting participation.
6. Cost Estimation with annual updates.
7. Quality Assurance/Quality Control Reviews.
8. Location and Design Report.
9. FFPR participation, report, and responses (all plans sets and other information requested by Engineering Services).

E. Right-of-Way (ROW) Plans:

1. Prepare ROW plans and coordinate ROW staking.
2. Right of Way revisions during acquisition, as needed.

F. Final Design:

1. Complete Final Roadway Plans, including but not limited to:
 - a. Final Bridge Plans.
 - b. Final Signing and Marking Plans.
 - c. Final Erosion, Sedimentation, and Pollution Control Plans (ESPCP).
 - d. Final Utility Plans.
 - e. Final Staging Plans.
 - f. Final Drainage Design including MS4, if applicable.
2. FFPR participation , report, and responses (all plans sets and other information requested by Engineering Services).
3. Corrected FFPR Plans.
4. Cost Estimation System (CES) Final cost estimate.
5. Final Plans, Specifications & Estimates (PS&E) Package.
6. Amendments & Revisions.

G. Construction:

1. Use on Construction Revisions.
2. Review Shop Drawings.

H. Quality Control/Quality Assurance Reviews for all deliverables.

- I. Attendance in and meeting minutes of monthly meetings to discuss progress and/or issues (additional meetings may be required to resolve major project issues).

6. The following milestone dates are proposed:

- A. Preliminary Engineering (PE) Notice to Proceed – 10/07/16.
- B. Preliminary Field Plan Review (PFPR) Inspection – 07/14/18.
- C. Right-of-Way (ROW) Plans approved – 01/06/18.
- D. Final Field Plan Review (FFPR) Inspection – 07/22/19.
- E. Final Plans for Letting – 12/02/19.
- F. Let Contract – 02/11/20.

7. Related Key Team Leaders:

- A. Roadway Design Lead.
- B. Bridge Design Lead.
- C. NEPA Lead.

8. Assumptions:

- A. Bridge to be replaced, not widened or rehabilitated.
- B. On-site or off-site detour may be required (to be determined during concept development).

9. There is no additional information for this contract.

EXHIBIT II CERTIFICATION FORM

I, _____, being duly sworn, state that I am _____ (title) of _____ (firm) and hereby duly certify that I have read and understand the information presented in the attached proposal and any enclosure and exhibits thereto.

Initial each box below indicating certification. The person initialing must be the same person who signs the Certification Form. (If unable to initial any box for any reason, place an "X" in the applicable box and attach a statement explaining the non-certification. The Department will review and make a determination as to whether or not the firm shall be considered further or disqualified).

- ☐ I further certify that to the best of my knowledge the information given in response to the Request for Qualifications is full, complete and truthful.
- ☐ I further certify that the submitting firm and any principal employee of the submitting firm has not, in the immediately preceding five (5) years, been convicted of any crime of moral turpitude or any felony offense, nor has had their professional license suspended, revoked or been subjected to disciplinary proceedings, nor is any team members/principals currently under indictment for any reason related to actions on public infrastructure projects.
- ☐ I further certify that I understand that Firms included on the current Federal list of firms suspended or debarred are not eligible for selection and that the submitting firm has not, in the immediately preceding five (5) years, been suspended or debarred from contracting with any federal, state or local government agency, and further, that the submitting firm is not now under consideration for suspension or debarment from any such agency.
- ☐ I further certify that the submitting firm has not in the immediately preceding five (5) years been defaulted in any federal, state or local government agency contract and further, that the submitting firm is not now under any notice of intent to default on any such contract, nor has been removed from a contract or failed to complete a contract as assigned due to cause or default.
- ☐ I further certify that the firm or any affiliate(s) has not been involved in any arbitration, litigation, mediation, dispute review board or other dispute resolution proceeding with a client, business partner, or government agency in the last five (5) years involving an amount in excess of \$500,000 related to performance on public infrastructure projects.
- ☐ I further certify that there are not any pending regulatory inquiries that could impact our ability to provide services if we are the selected consultant.
- ☐ I further certify that there are no possible conflicts of interest created by our consideration in the selection process or by our involvement in the project.
- ☐ I further certify that the submitting firm's annual average revenue for the past five (5) years is sufficient to allow the services to be delivered effectively by our firm and that there are no trends in the revenue which may be concerning other than normal market fluctuations.
- ☐ I further certify that in regards to Audit and Accounting System Requirements, that the submitting firm:
- I. Has an accounting system in place to meet requirements of 48 CFR Part 31 and, in the case of non-profit organizations, OMB Circular A-122.
 - II. Has submitted its yearly Certified Public Accountant overhead audit if it currently has an aggregate contract amount exceeding \$250,000.
 - III. Has no significant outstanding deficient audit findings from previous contracts with GDOT that have not been resolved.
 - IV. Is responsible for being reasonably assured that all sub-consultant(s) presented as a part of the proposed team are similarly in compliance with the above requirements.

I acknowledge, agree and authorize, and certify that the proposer acknowledges, agrees and authorizes, that GDOT may, by means that either deems appropriate, determine the accuracy and truth of the information provided by the proposer and that the GDOT may contact any individual or entity named in the Statement of Qualifications for the purpose of verifying the information supplied therein.

I acknowledge and agree that all of the information contained in the Statement of Qualifications is submitted for the express purpose of inducing the GDOT to award a contract.

A material false statement or omission made in conjunction with this proposal is sufficient cause for suspension or debarment from further contracts, or denial or rescission of any contract entered into based upon this proposal thereby precluding the firm from doing business with, or performing work for, the State of Georgia. In addition, such false statement or omission may subject the person and entity making the proposal to criminal prosecution under the laws of the State of Georgia of the United States, including but not limited to O.C.G.A. §16-10-20, 18 U.S.C. §§1001 or 1341.

GEORGIA SECURITY AND IMMIGRATION COMPLIANCE ACT AFFIDAVIT

Consultant's Name:	
Address:	
Solicitation No./Contract No.:	<u>RFQ-484- 031616</u>
Solicitation/Contract Name:	<u>Bridge Bundle 1-2016</u>

CONSULTANT AFFIDAVIT

By executing this affidavit, the undersigned Consultant verifies its compliance with O.C.G.A. § 13-10-91, stating affirmatively that the individual, entity or corporation which is engaged in the physical performance of services on behalf of the Georgia Department of Transportation has registered with, is authorized to use and uses the federal work authorization program commonly known as E-Verify, or any subsequent replacement program, in accordance with the applicable provisions and deadlines established in O.C.G.A. § 13-10-91.

Furthermore, the undersigned Consultant will continue to use the federal work authorization program throughout the contract period and the undersigned Consultant will contract for the physical performance of services in satisfaction of such contract only with sub-consultants who present an affidavit to the Consultant with the information required by O.C.G.A. § 13-10-91(b). Consultant hereby attests that its federal work authorization user identification number and date of authorization are as follows:

Federal Work Authorization User Identification Number
(EEV/E-Verify Company Identification Number)

Date of Authorization

Name of Consultant

I hereby declare under penalty of perjury that the foregoing is true and correct

EXHIBIT IV
Area Class Summary Example

Respondents should complete a table similar to the below and indicate by placing an "X" in the appropriate column indicating the firm which meets each required area class for each specific project with particular emphasis on the area classes which the Prime must hold as well as the sub-consultants. The below table is a full listing of all area classes. Since no single advertisement would require every area class, Respondents should delete all the area classes which are not applicable to the project they are pursuing and only include the ones applicable. Particular attention should be paid to the date that consultants certificate expires.

Area Class #	Area Class Description	Prime Consultant Name	Sub-Consultant #1 Name	Sub-Consultant #2 Name	Sub-Consultant #3 Name	Sub-Consultant #4 Name	Sub-Consultant #5 Name	Sub-Consultant #6 Name
	DBE – Yes/No -> Prequalification Expiration Date							
1.01	Statewide Systems Planning							
1.02	Urban Area and Regional Transportation Planning							
1.03	Aviation Systems Planning							
1.04	Mass and Rapid Transportation Planning							
1.05	Alternate Systems Planning							
1.06(a)	NEPA							
1.06(b)	History							
1.06(c)	Air Quality							
1.06(d)	Noise							
1.06(e)	Ecology							
1.06(f)	Archaeology							
1.06(g)	Freshwater Aquatic Surveys							
1.06(h)	Bat Surveys							
1.07	Attitude, Opinion, and Community Value Studies (Public Involvement)							
1.08	Airport Master Planning (AMP)							
1.09	Location Studies							
1.10	Traffic Analysis							
1.11	Traffic and Toll Revenue Studies							
1.12	Major Investment Studies							
1.13	Non-Motorized transportation Planning							
2.01	Mass Transit Program (Systems Management)							
2.02	Mass Transit Feasibility and Technical Studies							
2.03	Mass Transit Vehicle and Propulsion System							
2.04	Mass Transit Controls, Communication and Information Systems

ADDENDUM NO. 1

ISSUE DATE: February 19, 2016

This Addendum shall become and form a part of the RFQ for:

RFQ-484-031616: Bridge Bundle Batch 1-2016

NOTE PLEASE REVIEW CAREFULLY! THERE ARE CHANGES TO THE INFORMATION TO BE PROVIDED. FAILURE TO ADHERE TO THE CHANGES ADDRESSED IN THIS ADDENDUM MAY RESULT IN DISQUALIFICATION.

In the event of a conflict between previously released information and the information contained herein, the latter shall control.

Firm Name _____

Signature _____ Date _____

Typed Name and Title _____

Georgia Department of Transportation (GDOT)
Office of Transportation Services Procurement
One Georgia Center
600 West Peachtree Street, NW
19th Floor
Atlanta, Georgia 30308

This Addendum, including all articles and corrections listed below, shall become and form a part of the original RFQ package and shall be taken into account in preparing your proposal.

I. Written Questions and Answers:

	Questions	Answers
1.	Would the firm awarded the Bridge Program Management contract under RFQ-484-012116 be precluded from submitting on this contract?	Yes.
2.	Will the bridges awarded under this contract be managed by the program management consultant awarded the Bridge Program Management contract under RFQ-484-012116?	Yes.

ADDENDUM NO. 2

ISSUE DATE: March 3, 2016

This Addendum shall become and form a part of the RFQ for:

RFQ-484-031616: Bridge Bundle Batch 1-2016

NOTE PLEASE REVIEW CAREFULLY! THERE ARE CHANGES TO THE INFORMATION TO BE PROVIDED. FAILURE TO ADHERE TO THE CHANGES ADDRESSED IN THIS ADDENDUM MAY RESULT IN DISQUALIFICATION.

In the event of a conflict between previously released information and the information contained herein, the latter shall control.

Firm Name _____

19th Floor
Atlanta, Georgia 30308

This Addendum, including all articles and corrections listed below, shall become and form a part of the original RFQ package and shall be taken into account in preparing your proposal.

I. Written Questions and Answers:

	Questions	Answers
1.	Addendum 1 states that the firm awarded the Bridge Program Management contract under RFQ-484-012116 would be precluded from submitting on this contract. Would the subconsultants be precluded from submitting on this contract as well?	The Subconsultants would have to have written permission from the Department.
2.	Several of the contracts show a Preliminary Engineering Notice to Proceed (NTP) in Fall 2017. Please verify that the NTP dates are correct.	Those are the projected NTPs based on historical negotiation times for task order #1. It could be earlier if negotiations go smoothly.

3.	Since these project all deal with bridges that may require surveys for bats, will the project team be required to be pre-qualified in newly designated area class 1.06(h) for bat surveys?	All these projects are not in bat survey areas. At this time we are not requiring the new bat area class.
4.	Are the firms (Prime and Subs) awarded the On-Call State Funded Bridge Design and Support Services under RFQ-484-011116 precluded from submitting on this contract?	Please see Addendum No. 1 for the Prime. See Addendum No. 2, Number 1 for the Subconsultant.
5.	RFQ Page 10, Section VI.C.1.a. Organizational Chart – Would the Department allow an 11 X 17 sheet for the organization chart?	Yes.
6.	On page 4 of the RFQ for Contract 6, the third project description has "Hamilton I", but under Exhibit I-6 (page 36 of the RFQ), it only reads "Hamilton." Is the "I" supposed to be included in the project description for PI Number 371150-?	The Project Description for Contract 6, P.I. No. 371150- is as follows: CR 215/FORTUNE HOLE ROAD @ WILLIAMS CREEK SE OF HAMILTON I, Harris County.
7.	On page 4 of the RFQ for Contract 9, PI Number 0013804 shows Bulloch and Effingham counties; however under Exhibit I-9 it only shows Bulloch county for this PI Number. Can you please verify the correct county(ies) for PI Number 0013804?	The Project Description for Contract 9, P.I. No. 0013804 is as follows: SR 119 @ OGEECHEE RIVER & OVERFLOW 13.6 MI SE OF BROOKLET, Bulloch and Effingham County.

ADDENDUM NO. 3

ISSUE DATE: March 3, 2016

This Addendum shall become and form a part of the RFQ for:

RFQ-484-031616: Bridge Bundle Batch 1-2016

NOTE PLEASE REVIEW CAREFULLY! THERE ARE CHANGES TO THE INFORMATION TO BE PROVIDED. FAILURE TO ADHERE TO THE CHANGES ADDRESSED IN THIS ADDENDUM MAY RESULT IN DISQUALIFICATION.

In the event of a conflict between previously released information and the information contained herein, the latter shall control.

GDOT GUIDE FOR SELECTION COMMITTEE MEMBERS

RFQ 484-031616

Bridge Bundle 1-2016, Contract 7

This ENTIRE GUIDE must be reviewed carefully by all Selection Committee Members BEFORE the evaluation of submittals.

Coordination and Communication

Karen Mims will coordinate the overall submittal evaluation process and serve as Facilitator of any Selection Committee Meetings through the completion of the evaluation. All Committee members will be provided copies of submittals and related information, and will be notified of any proposed (if applicable) meetings, conference calls, and deadlines. **IMPORTANT-** All written communication (e-mails, memos, scoresheets, handwritten notes in SOQs, etc.) related to the evaluation can be subject to public record. Therefore, all such communication should be limited to objective and verifiable information.

Evaluation Process

The evaluation and scoring will be handled in two phases. Phase I will be the evaluation of the written Statements of Qualifications received from all respondents. Phase II will be the evaluation of the written responses from the Finalists. The scoring for the Finalists will be carried forward from Phase I and added to the scores from Phase II to determine the highest ranked Finalists and hence with whom negotiations will be initiated. The criteria to be utilized in the evaluation and scoring are as follows:

Phase I

- **PM, Key Team Leader(s), and Prime's Experience and Qualifications – (30% or 300 Points)**
- **PM, Key Team Leader(s), and Prime's Resources and Workload Capacity – (20% or 200 Points)**

Phase II

- **Technical Approach – (40% or 400 Points)**
- **Past Performance – (10% or 100 Points)**

Phase I Evaluation of Statements of Qualifications

Evaluation of Eligible Submittals

Submittals determined eligible must be read thoroughly with careful attention to the presence of required submittal content. The reader should keep the evaluation criteria in mind when assessing each submittal. As Reviewers read the responses, they will determine the rating for each criteria as follows:

- **Poor =** Does Not have minimum qualifications/availability
- **Marginal =** Meets Minimum qualifications/availability but one or more major considerations are not addressed or is lacking in some essential aspects
- **Adequate =** Meets minimum qualification/availability and is generally capable of performing work
- **Good =** More than meets minimum qualifications/availability and exceeds in some aspects
- **Excellent =** Fully meets qualifications/availability and exceeds in several or all areas

Directions for use of the Evaluation Preliminary Scoring Forms:

Scoring forms will be distributed to all Selection Committee members along with copies of submittals which were received and validated. Evaluators will have the option of using the hard copy forms or an electronic version of the form. However, to ensure that Open Records Request can be filled in compliance with the law, Evaluators who choose to use the electronic version of the form should only maintain one version of the form and must provide the electronic version of the form to Procurement. Each evaluator will use their numbered scoring form for scoring all submittals. Evaluators must ensure that the name of the Firm being evaluated is written in the appropriate box to identify the Firm to whom the ratings and comments belong. Using the criteria categories in Evaluation of Eligible Submittals above, each submittal will be

v. 3-24-15

given a **preliminary score** for each of the criteria. The Reviewer should provide comments for each section which support the rating. Reviewers should not seek to write down everything that the submittal contains. Rather, Reviewers should first determine the rating and then answer why they feel the rating is warranted.

The review, preliminary scoring, and comments MUST be completed prior to the Selection Committee Meeting and must be sent to the Procurement Facilitator by the deadline given in order to make efficient and effective usage of all Selection Committee Members time.

SPECIAL INSTRUCTIONS FOR EVALUATING AVAILABILITY

Through working with the consultant industry, they asked that when considering their availability, we consider more than merely the number of projects they have listed. With this in mind we have allowed space in their SOQ for the respondents to provide a narrative in their ability. This narrative will allow them to discuss how the organization of the team, including the PM and Key Team Leaders can deliver the project on schedule given their workload capacity. It also recognizes that some individuals may be able to meet the schedule while carrying heavier project workloads and allows them to discuss the advantages of their team and the abilities of their team members which will enable the project to meet the proposed schedule. If there is no schedule provided, they can discuss the advantages of the team and abilities of the team members which will enable the project to move as expeditiously as possible. You **MUST** consider this narrative along with the workload table when rating the SOQs. You **MUST NOT** merely look at the workload table solely for making the rating decision.

Evaluation Meeting:

All completed Scoring Forms with the preliminary scores and comments for each criteria of each firm, must be brought to the Selection Committee Meeting planned for Tuesday, April 05, 2016. The completed forms must be turned in at the conclusion of the meeting.

Prior to the meeting, the Facilitator will use the scores and subsequent ranks to determine where the majority of the discussion should be focused. Generally, the majority of the discussion will center on the top submittals. The Selection Committee will discuss and determine a final committee rating for each criteria and will provide summary comments as to why the Committee feels the rating is warranted.

The final rankings will be used to determine the three to five Finalists who will proceed and have their scores carried forward to Phase II of the evaluation.

It is important to note, that all evaluation scoring, notes, and comments will be subject to open records and there is a very high likelihood they will be reviewed by a wide variety of individuals. For this reason, it is extremely important to adhere to all guidelines and suggestions contained in this Guide for Selection Committee Members.

Phase II

Evaluation of Technical Approach and Past Performance

- Finalists will be required to submit a written response which must detail the Technical approach (including design concepts and use of alternative methods).
- Past Performance - Procurement will be checking references and will provide the results of the reference checks to the Selection Committee. The Selection Committee will also be allowed to bring any information for consideration they have available regarding the Firm's performance on any project/contract.

Submittals and Past Performance information must be read/considered thoroughly with careful attention to the presence of required submittal content. The reader should keep the evaluation criteria in mind when assessing each submittal. As Reviewers read the responses, they will make notes in the submittals and must be prepared to discuss their position in the Selection Committee Meeting for Phase II. **The review and notes MUST be completed prior to the Selection Committee Meeting.**

Evaluation Meeting:

All notes must be brought to the Selection Committee Meeting planned for Thursday, May 12, 2016. The Selection Committee will discuss and determine a final committee rating for each criteria and will provide summary comments as to why the Committee feels the rating is warranted. The Committee will assign the following ratings:

- Poor = Does Not have minimum qualifications/availability
- Marginal = Meets Minimum qualifications/availability but one or more major considerations are not addressed or is lacking in some essential aspects
- Adequate = Meets minimum qualification/availability and is generally capable of performing work
- Good = More than meets minimum qualifications/availability and exceeds in some aspects
- Excellent = Fully meets qualifications/availability and exceeds in several or all areas

FINAL SCORING AND SELECTION

The scores from Phase I and Phase II will be added together and a final overall ranking will be determined and provided for Selection Committee approval.

Evaluator #:	1		
Evaluation Committees should assign Ratings (options and explanation for ratings below) to each Section. Comments must be written in the boxes provided and should justify the rating assigned.			
Poor = Does Not have minimum qualifications/availability = 0% of the Available Points			
Marginal = Meets Minimum qualifications/availability but one or more major considerations are not addressed or is lacking in some essential aspects = Score 25 % of Available Points			
Adequate = Meets minimum qualification/availability and is generally capable of performing work = 50% of Available Points			
Good = More than meets minimum qualifications/availability and exceeds in some aspects = 75% of Available Points			
Excellent = Fully meets qualifications/availability and exceeds in several or all areas = 100% of Available Points			
Firm Name: American Engineers, Inc.			
Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications - 30%		Assigned Rating	Adequate
Kenneth Ott, Bridge lead, 32 yrs, MSCE. Has done bridges in Georgia, but limited experience with bridge replacement projects.			
Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity - 20%		Assigned Rating	Good
Reported availability indicates resources are available to accomplish the work.			
Firm Name: CALX Engineers + Consultants tka Mulkey			
Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications - 30%		Assigned Rating	Good
Bridge lead Robble Frizzell, 29 yrs, a lot of experience with similar bridges			
Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity - 20%		Assigned Rating	Good
Reported availability indicates resources are available to accomplish the work.			
Firm Name: CHA Consulting, Inc.			
Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications - 30%		Assigned Rating	Excellent
Jim Aitken, PM, 22 yrs. Bridge lead Kevin Kahle, has strong experience in similar bridges and GDOT procedures.			
Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity - 20%		Assigned Rating	Good
Reported availability indicates resources are available to accomplish the work.			

Firm Name: Civil Services, Inc.	
Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications - 30%	Assigned Rating  Good
Bridge lead Chris Morse, 38 yrs. Does not have many similar types of bridges in experience.	
Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity - 20%	Assigned Rating  Good
Reported availability indicates resources are available to accomplish the work.	
Firm Name: Clark Patterson Engineers, Surveyor and Architects, P.C.	
Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications - 30%	Assigned Rating  Good
Bridge lead Robbie Frizzell, 29 yrs, a lot of experience with similar bridges	
Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity - 20%	Assigned Rating  Good
Reported availability indicates resources are available to accomplish the work.	
Firm Name: Columbia Engineering & Services, Inc.	
Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications - 30%	Assigned Rating  Excellent
Bridge lead Masood Shabazaz, Heath and Lineback, 30 yrs experience. Has overseen design of 100 bridges in Georgia.	
Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity - 20%	Assigned Rating  Good
Reported availability indicates resources are available to accomplish the work.	
Firm Name: Gresham, Smith and Partners	
Project Manager, Key Team Leader(s) and Prime's Experience and Qualifications - 30%	Assigned Rating  Good
Bridge lead Tom Tran, 23 yrs, has a lot of experience with similar bridges using GDOT processes	
Project Manager, Key Team Leader(s) and Prime's Resources and Workload Capacity - 20%	Assigned Rating  Good
Reported availability indicates resources are available to accomplish the work.

RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS, CONTRACT 7	
Firm	Michael Baker Jr., Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Excellent
<p>The Prime, PM (Project Manager), and all key team leads have experience with projects relevant to the scope of services. The NEPA lead has forty years of experience and all listed projects were state route bridge replacements over water. The Prime and PM had bridge over railroad experience.</p>			
Resources availability and Workload Capacity		Assigned Rating	Good
<p>The organizational chart indicates the resources are more than sufficient for this type of work. The majority of the work commitment table shows work nearly completed. The resources indicate there are multiple personnel available for each task. The firm listed a specialist to handle railroad coordination.</p>			
RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Parsons Brinckerhoff, Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Good
<p>The team mentioned three bridge replacements over water that are relevant for this project. The Prime and the Roadway have bridge over railroad experience.</p>			
Resources availability and Workload Capacity		Assigned Rating	Good
<p>The organizational chart indicates the resources are more than sufficient for this type of work. The resources also indicate there are multiple personnel available for each task. The key leads are showing low workloads. The firm listed a specialist to handle railroad coordination.</p>			
RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Columbia Engineering & Services, Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Good
<p>The Bridge Design Lead has completed a lot of projects relevant to the scope of services (bridges over water and railroad). The NEPA lead has extensive experience for projects of similar scope.</p>			
Resources availability and Workload Capacity		Assigned Rating	Good
<p>The organizational chart displays that there are more than enough resources for NEPA and Roadway. There is a concern only one bridge lead is working on this project according to the organizational chart. The commitment tables shows the overall team has reasonable availability to perform the required scope of services.</p>			

RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Parsons Transportation Group, Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Good
<p>The team listed extensive experience on projects relevant to the scope of services. The NEPA lead listed one project that involved twenty bridges over water and railroads.</p>			
Resources availability and Workload Capacity		Assigned Rating	Adequate
<p>The organizational chart indicates the resources are sufficient for this type of work. The commitment tables shows the overall team has reasonable availability to perform the required scope of services.</p>			
RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Clark Patterson Engineers, Surveyor and Architects, P.C.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Good
<p>All the key team leads have similar experience for this project. The PM has relevant experience with bridges over water and projects of complexity and similar nature. The NEPA and Bridge Design lead has extensive experience for projects of similar scope. The Roadway Lead has limited but relevant experience working on projects of this nature.</p>			
Resources availability and Workload Capacity		Assigned Rating	Good
<p>The organizational chart indicates the resources are more than sufficient for this type of work. The resources also indicate there are multiple personnel available for each task. The commitment tables shows the overall team has reasonable availability to perform the required scope of services.</p>			
RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Neel-Schaffer, Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Good
<p>The PM has bridge replacement experience over water and over railroad for projects relevant to the scope of work. The NEPA and Bridge Design lead have extensive experience for projects of similar scope.</p>			
Resources availability and Workload Capacity		Assigned Rating	Good
<p>The organizational chart indicates the resources are more than sufficient for this type of work. The resources indicate there are multiple personnel available for each task. The commitment table shows the overall team has availability to perform the required scope of services. Most of the workload shown will be completed soon.</p>			

RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	American Engineers, Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Good
<p>The team has experience working on projects related to the scope of services. The NEPA Lead has above average experience with projects similar to the scope.</p>			
Resources availability and Workload Capacity		Assigned Rating	Adequate
<p>The organizational chart indicates the resources are sufficient for this type of work. The commitment table shows the overall team has availability to perform the required scope of services.</p>			
RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Klinley-Horn and Associates, Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Good
<p>The team has worked together on projects relevant to the scope of services. The team also has extensive experience for bridge projects over water and railroad. The NEPA Lead has above average experience with projects similar to the scope. The Prime has extensive experience working on bridges for this scope of work.</p>			
Resources availability and Workload Capacity		Assigned Rating	Adequate
<p>The organizational chart indicates the resources are more than sufficient for this type of work. The availability for the team shows their commitments are early in the design phases.</p>			
RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	TranSystems Corporation	# of Evaluators	
Experience and Qualifications		Assigned Rating	Adequate
<p>The team has experience with bridges, railroad crossing, etc. for projects of a similar complexity and relevant to the scope. The NEPA Lead has above average experience with projects similar to the scope.</p>			
Resources availability and Workload Capacity		Assigned Rating	Good
<p>The organizational chart indicates the resources are more than sufficient for this type of work. The resources also indicate there are multiple personnel available for each task. The commitment tables show the overall team has availability to perform the required scope of services.</p>			

RFQ	RFQ 484-031818	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Gresham, Smith and Partners	# of Evaluators	
Experience and Qualifications		Assigned Rating	Good
The team has extensive experience working on projects related to the scope of services. The team did not mention railroad bridges.			
Resources availability and Workload Capacity		Assigned Rating	Adequate
The organizational chart indicates the resources are more than sufficient for this type of work. The resources also indicate there are multiple personnel available for each task. The commitment tables show the overall team has availability to perform the required scope of services, but it appears the NEPA lead has a moderate workload. All the key team leads are in-house.			
RFQ	RFQ 484-031818	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	CALX Engineers + Consultants fka Mulkey	# of Evaluators	
Experience and Qualifications		Assigned Rating	Adequate
The team has experience working on bridge projects of a similar complexity, size and scope. The team did not mention railroad bridges.			
Resources availability and Workload Capacity		Assigned Rating	Good
The organizational chart indicates the resources are more than sufficient for this type of work. The resource also indicates there are multiple personnel available for each task with the exception of the Bridge Design Lead. A lot of the work on the commitment table is showing in the final stages.			
RFQ	RFQ 484-031818	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	CHA Consulting, Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Adequate
The PM has limited project manager experience. All other key team leads displayed experience with projects of similar scope.			
Resources availability and Workload Capacity		Assigned Rating	Adequate
The organizational chart displays a limited amount of resources shown for this scope of services. The commitment tables show the overall team has availability to perform the required scope of services.			
RFQ	RFQ 484-031818	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Long Engineering, Inc.	# of Evaluators	
Experience and Qualifications		Assigned Rating	Adequate
The team has extensive experience working on projects related to the scope of services. The overall experience of the NEPA lead was unclear. The Bridge Design Lead's experience with bridge over water was not detailed.			
Resources availability and Workload Capacity		Assigned Rating	Good
The organizational chart indicates the resources are more than sufficient for this type of work. The resources also indicate there are multiple personnel available for each task with the exception of the Bridge Design Lead. The team shows a moderate workload.			

RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Volkert, Inc.	# of Evaluators	
Experience and Qualifications	Assigned Rating		Adequate
The PM listed two bridge maintenance projects which were not related to the scope. The Road Design Lead and Bridge Lead had bridge over water and railroad experience.			
Resources availability and Workload Capacity		Assigned Rating	Good
The organizational chart indicates the resources are more than sufficient for this type of work. The resources indicate there are multiple personnel available for each task with the exception of the Bridge Design Lead. The team shows a low workload.			
RFQ	RFQ 484-031616	PHASE 1 SUMMARY COMMENTS FOR TOP SUBMITTALS	
Firm	Moreland Altobelli Associates, Inc.	# of Evaluators	
Experience and Qualifications	Assigned Rating		Adequate
The PM experience did not appear to be bridge related projects to this scope of services. The Bridge Design mentioned experience with minor bridge replacements over railroads, but not water.			
Resources availability and Workload Capacity		Assigned Rating	Good
The organizational chart indicates the resources are more than sufficient for this type of work. The resources indicate there are multiple personnel available for each task with the exception of the Bridge Design Lead. The team shows a low workload.			

SELECTION OF FINALISTS

RFQ-484-031616 Bridge Bundle – (B1-2016)

The Georgia Department of Transportation is pleased to announce the selections of the following firms as finalists regarding the above RFQ for (B1-2016), Contracts 1-11:

Selected Finalists:

Project/Contract #1 –PI Nos. 0013716, 0013806

1. Gresham, Smith and Partner
2. Heath & Lineback Engineers, Inc.
3. Kimley-Horn and Associates, Inc.
4. Long Engineering, Inc.
5. Parsons Transportation Group, Inc.

Project/Contract #2 – PI Nos. 0007170, 0010212, 0013807, 0013746

1. American Engineers, Inc.
2. Heath & Lineback Engineers, Inc.
3. Moreland Altobelli Associates, Inc.
4. RS&H, Inc.
5. TranSystems Corporation

Project/Contract #3 - PI Nos. 0013604, 0013736, 0013815, 0013820

1. AMEC Foster Wheeler Environment & Infrastructure, Inc.
2. American Engineers, Inc.
3. Atkins North America, Inc.
4. Calyx Engineers + Consultants
5. Kimley-Horn and Associates, Inc.

Project/Contract #4 – PI Nos. 0007179, 0013748, 0013749, 0013823, 0013824

1. ARCADIS U.S., Inc.
2. Atkins North America, Inc.
3. Heath & Lineback Engineers, Inc.
4. Kimley-Horn and Associates, Inc.
5. Michael Baker International, Inc.

Project/Contract #5 – P.I. Nos. 0008647, 0013611

1. CDM Smith, Inc.
2. Long Engineering, Inc.
3. Michael Baker International, Inc.
4. Moreland Altobelli Associates, Inc.
5. Volkert, Inc.

Project/Contract #6 – P.I. Nos. 0013601, 0013743, 371150-

1. Columbia Engineering & Services, Inc.
2. Gresham, Smith and Partners
3. Parsons Transportation Group, Inc.
4. T. Y. Lin International
5. Volkert, Inc.

Project/Contract #7 – P.I. Nos. 0013714, 0013801, 0013802, 0013828

1. Clark Patterson Engineers, Surveyor and Architects, P.C.
2. Columbia Engineering & Services, Inc.
3. Michael Baker International, Inc.
4. Neel-Schaffer, Inc.
5. Parsons Brinckerhoff, Inc.

Project/Contract #8 – P.I. Nos. 0013741, 0013742

1. CDM Smith, Inc.
2. Heath & Lineback Engineers, Inc.
3. Parsons Brinckerhoff, Inc.
4. Parsons Transportation Group, Inc.
5. RS&H, Inc.

Project/Contract #9 – P.I. Nos. 0013803, 0013804, 0013825, 0013826

1. American Engineers, Inc.
2. ARCADIS U.S., Inc.
3. Moffatt & Nichol
4. Parsons Brinckerhoff, Inc.
5. Volkert, Inc.

Project/Contract #10 – P.I. Nos. 0013740, 0013809, 0013810

1. AMEC Foster Wheeler Environment & Infrastructure, Inc.
2. Gresham, Smith and Partners
3. Morealnd Altobelli Associates, Inc.
4. Parsons Transportation Group, Inc.
5. T. Y. International, Inc.

Project/Contract #11 – P.I. Nos. 0013827, 170940-, 642170-

1. CDM Smith, Inc.
2. Infrastructure Consulting and Engineering, PPLC
3. Michael Baker International, Inc.
4. Parsons Brinckerhoff, Inc.
5. Parsons Transportation Group, Inc.

April 18, 2016

NOTICE TO SELECTED FINALISTS

To: Clark Patterson Engineers, Surveyor and Architects, P.C.; Columbia Engineering & Services, Inc.; Michael Baker International, Inc.; Neel-Schaffer, Inc.; and Parsons Brinckerhoff, Inc.

Please send an e-mail confirming receipt of this notice to Karen Mims (kmims@dot.ga.gov).

Re: RFQ-484-031616 – Bridge Bundle 1-2016, Contract 7, P.I. Nos. 0013714, 0013801, 0013802, 0013828

On behalf of the Selection Committee for the Request for Qualifications (RFQ) referenced above, we congratulate you and your firm on being selected as a finalist for further consideration. This notice shall serve as an official request for additional required information and action from finalists. **Please refer to the original solicitation (RFQ-484-031616), page 11, VII. Instructions for Preparing Technical Approach and Past Performance Response – Phase II Response, A&B and page 13, IX. Instructions for Submittal for Phase II – Technical Approach and Past Performance Response, A-D for instructions to submit your package.** As a finalist, your firm is required to comply with the written instructions and remaining schedule below:

A. Technical Approach - 40%

This information will be limited to a maximum of three (3) pages.

Furnish information that may serve to differentiate your firm from other firms and evidence of the firm's fit to the project and/or needs of GDOT, including:

1. Technical approach to delivering the project (including design concepts and use of alternative methods).
2. Provide any specific qualifications, skills, or knowledge which your firm has which could benefit the project, and your ability and willingness to meet time requirements.

B. Past Performance - 10%

No additional information should be submitted to fulfill this requirement. Information from the relevant projects listed as well as information on file with the Department will be used to fulfill this requirement.

Remaining Schedule

1. GDOT completes evaluation and issues notification and other information to finalist firms.	04/18/2016	-----
2. Deadline for submission of written questions from finalists (e-mail preferred)	04/22/2016	2:00 PM
3. GDOT Receives Submittals 1, and 2 for Phase II	04/27/2016	2:00 PM

C. Finalist Selection

Final selection will be determined by carrying the scores from **Phase I** forward for each Finalist and by evaluating the **Technical Approach** and **Past Performance** criteria for **Phase II**. For each evaluator, the points assigned to each criterion will be totaled and a rank will be determined. The rankings of all evaluators will be totaled for each finalist in order to determine the sum of the individual rankings. The finalists will be ranked in descending order of recommendation using the sum of individual rankings from the Selection Committee members. Should a tie exist for the highest ranking firm on the contract/project, and qualifications appear to be equal, the Selection Committee shall defer to the sum of the individual points and the award shall be made to the finalist with the highest sum.

Negotiations will then be initiated with the top-ranked firm to finalize the terms and conditions of the contract, including the fees to be paid. In the event a satisfactory agreement cannot be reached with the highest-ranking firm, GDOT will formally terminate the negotiations in writing and possibly enter into negotiations with the second highest-ranking firm, and so on in turn until a mutual agreement is established and GDOT awards a contract. The final form of the contract shall be developed by GDOT.

Please address any questions you may have to Karen Mims, and congratulations, again, to each of you!

Karen Mims
kmims@dot.ga.gov

RFQ	RFQ 484-031616	PHASE 2 SUMMARY COMMENTS, CONTRACT 7	
Firm	Michael Baker Jr., Inc.		
Technical Approach		Assigned Rating	Adequate
<p>The firm mentioned accident history , but they missed the vertical clearance being substandard. They listed a detailed approach for one project and also noted the environmental concerns, especially historic district. They did not discuss or address three of the four projects in this proposal.</p>			
Past Performance		Assigned Rating	Excellent
<p>Based on the references and the consensus of the evaluators, the ratings accurately reflect the past performance of the firm. Two of the evaluators have direct knowledge of their past performance.</p>			
RFQ	RFQ 484-031616	PHASE 2 SUMMARY COMMENTS	
Firm	Parsons Brinckerhoff, Inc.		
Technical Approach		Assigned Rating	Adequate
<p>The firm utilized GDOT's old construction plans and had knowledge of the challenges concerning this project. Identified substandard vertical curve. They mention accident analysis. Mentioned bike lanes but it was not clear why they would add bike lanes to bridge. They did not explore the staging aspect in sufficient detail. The technical approach for this project did not address geotechnical or environmental concerns. Offsite detours on county roads may not be practical.</p>			
Past Performance		Assigned Rating	Excellent
<p>Based on the references and the consensus of the evaluators, the ratings accurately reflect the past performance of the firm. Two of the evaluators have direct knowledge of their past performance.</p>			

RFQ	RFQ 484-031616	PHASE 2 SUMMARY COMMENTS	
Firm	Columbia Engineering & Services, Inc.		
Technical Approach		Assigned Rating	Excellent
<p>They displayed a quality approach to the staging alternatives and recommendation for each project. They identified substandard vertical and horizontal clearances over railroad. Mentioned the design exception to eliminate median. They mentioned that the bridge was eligible for the historic register. Discussed geotechnical and environmental concerns on all bridges. Staging on the Creek bridges was well thought out.</p>			
Past Performance		Assigned Rating	Good
<p>References and past performance scores indicate a high quality of work and project delivery.</p>			
RFQ	RFQ 484-031616	PHASE 2 SUMMARY COMMENTS	
Firm	Clark Patterson Engineers, Surveyor and Architects, P.C.		
Technical Approach		Assigned Rating	Adequate
<p>They have public involvement with local officials. They have past knowledge of this project. They mentioned environmental justice community, archeology sites and endangered species. They mentioned that the bridge was eligible for the historic register but missed the historic District is listed on the National Register. Discussed using advance hydraulic modeling to reduce bridge length. They mentioned a project using a bottomless culvert but this will require pile foundation. The staging discussion was general and lacked detail. Two of the four bridges made no recommendation for staging.</p>			
Past Performance		Assigned Rating	Good
<p>References and past performance scores indicate a high quality of work and project delivery.</p>			

RFQ	RFQ 484-031616	PHASE 2 SUMMARY COMMENTS	
Firm	Neel-Schaffer, Inc.		
Technical Approach		Assigned Rating	Adequate
<p>They mentioned the substandard vertical clearance over the railroad and how to address the profile. They mentioned that the bridge was eligible for the historic register but missed the historic District is listed on the National Register. Mentioned Texas rail and bridge lighting. Some of the staging plans may not be practical.</p>			
Past Performance		Assigned Rating	Good
<p>References and past performance scores indicate a high quality of work and project delivery.</p>
